Gonna settle down

Well tonight I'm all alone no place to call me own
I don't have no one to love me any more
Gonna pack up my grape and take a long long trip
Back to the one that I love so

Oh I what to go back to my darling
Back to the one I love so well
I know she'll be my wife and we'll settle down for life
For she's the one that means the world to me

I can't forget the day I left and went away
You told me I'd be sorry some old day
Well I found it to be true so I'm heading back to you
Sweetheart I'm tired and want to settle down

* Refrain

When I get back to her my rambling days are oer
We'll build a little cottage on the hill
We'll think of days gone by sweetheart just you and I
And there we'll live so happy ever more

* Refrain
