To Daddy

```
G
Mama never seemed to miss the finer things of life
                                        D7
If she did she never did say so to daddy

She never wanted to be more than mother and a wife
                                       G
If she did she never did say so to daddy

The only thing that seemed to be important in her life
                                            C
Was to make our house a home and make us happy
                        G
Mama never wanted any more that what she had
       D7                               G
If she did she never did say so to daddy

He often left her all alone she didn't mind staying home
                                        D7
If she did she never did say so to daddy

And she never missed the flowers and the cards he never sent her
                                       G
If she did she never did say so to daddy

Being took for granted was a thing that she accepted
                                                 C
And she didn't need those things to make her happy
                                       G
And she didn't seem to notice that he didn't kiss and hold her
       D7                              G
If she did she never did say so to daddy

    C
One morning we awoke just to find a note
                                          D7
That mama carefully wrote and left to daddy
    C
And as we began to read it our ears could not believe it
                                           D7
The words that she had written there to daddy

    G
She said the kids are older now they don't need me very much
                                           C
And I've gone in search of love I need so badly
                                  G
I have needed you so long but I just can't keep holding on

She never meant to come back home
       D7                               C                  G
If she did she never did say so to daddy goodbye to daddy
