C                   C7               F
God understands He knows all about us
                C                        G7
He knows of our hopes He knows of our plans
                C       C7           F
He's willing to help if we will but follow
              C         G7       C
He knows all about us God understands

                          C7           F
I walk with the Lord in sunshine and darkness
            C                   G7
I cannot forsake His word and command
              C          C7             F
Temptation is great His love is still greater
            C         G7       C
He knows all about us God understands

                      C7           F
I know of His love I know all its meaning
              C                    G7
I know of the power He's given to man
                G       C7              F
Without faith in God my life would be worthless
            C         G7       C
He knows all about us God understands

                           C7           F
When trouble appears and life has no meaning
                C                                G7
Be washed and be cleansed in the blood of the Lamb
                C         C7             F
He's trusted and tried so cast Him your worries
              C         G7       C
He knows all about us God understands
