

Life
Live Classics from the Grand Ole Opry

Life
Have I accomplished anything,
have I caused anyone to sing
A happy song?

Life
I've lived it every day
I've lived it every way
Though some of it was wrong

Some of it's been fast
I've lived a happy past
I don't regret a thing you see
After all is said and done,
I've lived each moment one by one
Life's been good to me

Life
If I have caused on tear to fall
It was unknown
Life
If there are tears that must fall yet
I pray that, life, you'll let them be my own
I've enjoyed it as I should
And every day of its been good
Since life began
So when it comes time for the end
I'd like to live it all again
'Cause life you've been my friend

I've enjoyed it as I should
And every day of its been good since life began
So when it comes time for the end
I'd like to live it all again
'Cause life you've been my friend.
