Long Long Ago
written by Thomas Haynes Bayly

```
C                                F       C
Tell me the tales that to me were so dear
G7                          C
Long long ago long long ago
                                 F      C
Sing me the songs I delighted to hear
G7                    C
Long long ago long ago

G7                                      C
Now you are come all my fears are removed
G7                                        C
Let me forget for how long you have grown
                                   F      C
Let me believe that you love as you loved
G7                    C
Long long ago long ago

                              F         C
Do you remember the past where we met
G7                          C
Long long ago long long ago
                                  F      C
Ah yes you told me you'd never forget
G7                    C
Long long ago long ago

G7                                     C
Then to all others my smile you preferred
G7                                              C
Love when you spoke gave a charm to each word
                                      F     C
Still my heart treasures the praises I heard
G7                    C
Long long ago long ago
```
