INTRO

       C   G                      Em
I sent you roses, I warned you I would,
               Am
Do all that I could
                 Dsus       D
To show you the way that I feel.
              G                    Em
Please don't say I'm wasting my time,
                   Am                   Dsus       D
I've got nothin' but time, so I'll do all that I can
              Dsus       D
To catch that ghost of a chance.

    C             C
The sunlight, the moonlight,
      C
Are beyond my control.
              G
And there are stars in the heavens,

That I'll never hold.
       C
But if dreams give you power,
     Am
Then I'm strong enough
   D        D/C       D/B        D/A
To offer my heart and never give up,
        G       G/A  G/B  C  D
Til you love me.
        G       G/A  G/B  C  D
Til you love me.

             C    G                        Em
I looked in your eyes, so bright and so blue,
                  Am
And that's when I knew
     Dsus         D
That you could be mine.
                G                        Em
If good things come to those who will wait,
                   Am                   Dsus       D
Well I guess I can wait if that's what I have to do.
         Dsus          D
Oh, it's worth it for you.

    C             C

But if dreams give you power,

Then I'm strong enough
   D        D/C       D/B        D/A
To offer my heart and never give up,

Til you love me.
