

Have Love will travel
by The Sonics

Have love, will travel
Have love, will travel
If you need a little shot, I'll travel baby

I'll go anywhere you want me to go
From the shores of Jersey, down to Mexico
I'll come anytime day or night
I got a six gun loaded with dynamite

Have love, will travel
Have love, will travel
If you need a little shot, I'll travel baby

Hey if your names Ruby, Jackie or Jan
When I cut you down they'll say "Who was that masked man?"
Got a big old horse, his name is Clyde
Jump on back baby, we'll ride, ride, ride

Have love, will travel
Have love, will travel
If you need a little shot, I'll travel baby

Have love, will travel
Have love, will travel
If you need a little shot, I'll travel baby
Have love, will travel
Have love, will travel
Have love, will travel
Have love, will travel

All you got to do is call
I'll be there, that ain't all
If you're alone, no men in sight
I'll come any time of day or night
All you got to do is pick up your phone
Come on baby I won't leave you alone
If your feeling lonely and blue
I can fix up you
Cause if you need a little shot, I'll travel
Have love, will travel
Have love, will travel
Have love, will travel
Have love, will travel
Have love, will travel
Have love, will travel
Hi Ho Silver, and away!
