

Ruled by the gun

**Baby I tried to live my life the right way
Walk ??? down
Girl ???
??? And you're the only one
In a world ruled by the gun**

**Every where I look I see people crying
??? just end up dying
???
On the cathedral steps and the ???
In a world ruled by gun
Ruled by the gun
Baby ruled by the gun
Ruled by the gun**

**You can build your walls, build'em high baby
Brick by brick, one by one
Broke your fences in half
Till they reach the sun
In a world ruled by the gun
In a city ruled by the gun
Ruled by the gun
Baby ruled by the gun**
