

I Will

This file is an interpretation of the song "I Will," which can be found on the Alison Krauss CD: "Now that I've Found you, A Collection." It's only to be used for private study, scholarship, and or research. I cannot, in all conscience, take credit, however. Joe Karasek did all the hard work of figuring out the chords. I just helped by typing the words and begging him to...

I WILL by Alison Krauss

C Am F G
Who knows how long I've loved you
C Am Em
You know I love you still
F G C
Will I wait a lonely lifetime
F G C
If you want me to I will

And if I ever saw you
And didn't catch your name
Well it never really mattered
I will love you just the same

(CHORUS)

F G C Am
I'll love you forever and forever
F G C
Love you with all my heart
F G C Am
Love you whenever we're together
D G
Love you when we're apart

And if at last I found you
Your song would fill the air
Sing it loud so I can hear you
Make it easy to be near you
And the things you do endear you to me
How you know I will
I will

(repeat chorus)
