I'll Never Shed Another Tear
Recorded by Lester Flatt and Earl Scruggs
Written by Lester Flatt

```
G                                  C            G
I used to sit alone at night and worry little darling
                                        D7
For I thought you meant the world to me
G                                     C                  G
But now things have changed and those days are gone forever
             D7            G
So I'll never shed another tear

                                     C                 G
I'll never shed another tear now I don't care what happens
                                      D7
You have proved your love untrue to me
G                                     C                G
There's nothing you can do that will ever change my feelings
             D7            G
So I'll never shed another tear

                                                 C             G
With a broken heart I'll never forget the vows we made together
                                    D7
The many times you told me not to fear
G                                     C                 G
But now you've forgotten and you've left me here forever
             D7            G
So I'll never shed another tear
```

Repeat #2

```
                                       C              G
Now you should have told me dear that you were only fooling
                                     D7
Then I'd never learn to love you so
G                                 C              G
Then I wouldn't have all these heartaches my darling
            D7             G
Dreading the day I see you go
```

Repeat #2
