Signed Sealed and Delivered

```
C                G7                                  C
Signed sealed and delivered  a package containing my heart
        C7          F             G7                    C
To open remove the wrapper  but please don't tear it apart
                                   G7                                  C
You tore up this heart when you left me  you left me alone and so blue
                  C7         F               G7                          C
I'm sending this special delivery  please handle with care it's for you

                          G7                                      C
It's all that I have to offer  but darling you know that it's true
       C7            F             G7                          C
Signed sealed and delivered  the postman will bring it to you

                               G7                                    C
I thought perhaps you would keep it  just for a while don't you see
                  C7      F         G7                              C
So darling please keep it forever  without you it's no good to me
                     G7                                  C
Signed sealed and delivered  a package containing my heart
              C7        F           G7                  C
I send it to you as a token  I'm sorry we're so far apart
```
