Stay Away From Me
Recorded by Bill Monroe

```
G                                    C
Stay away from me you're causing me trouble
               G                    D7
It's been that way since from the start
           G                       C
Go on your way you have another waiting
               G          D7          G
Stay away from me you're breaking my heart

             C                      G
Oh the sky is blue and the sun is shinning
                                    D7
And# Autumn leaves have turned to brown
           G                 C
I loved you so but I can't have you
               G   D7          G
Stay away from me  stay out of town

                                      C
Stay away from me I know what you're after
             G             D7
It's best if we stay far apart
               G              C
You brought me pain no joy no laughter
               G          D7          G
Stay away from me you're breaking my heart
```

Repeat #2
