A Star Is Born-Paul Brandt

Intro: G D/F# Em D C D

```
G          D/F#
Christmas time again
   Em               D              C
The perfect end, to a not-so-perfect year
             D
At last it's here
G      D/F#           Em
Hustle bustle to and fro
               D                C
From store to store, to get one more
                 D
Of whatever is in style this year
G      D/F#
On the marquis sign
  Em             D            C
At 5 and 9, the latest movie shows
                  D
And it starts to snow
G        D/F#           Em
Children look into the sky
          D              C          D
To see if reindeer really fly, who knows
Bm                              C
But when it comes down to this season
Bm                             C
Above it all there's still a reason
   D
To just look up

Chorus:
  G  D/F#  Em  D   C    D
A star is  born tonight
G    D/F# Em   D      C   D
Come to  make things right
C               D
Angels singing, anthems ringing
G     D/F#    Em
Glory to the King
  C       D      G
A star is born tonight

G      D/F#
Silent holy night
Em               D                 C
Heaven's sacred light shines all around
          D
And joy resounds
G         D/F#
In manger hay the baby
Em             D                C
Jesus came to seek and save the lost
               D
Until they're found
Bm                    C
Peace on earth a new beginning
Bm                           C          D
He's the gift that keeps on giving, to all of us

CHORUS

G D/F# C D (x2)

C               D
Angels singing, anthems ringing
G     D/F#    Em
Glory to the King
  C       D      Bb  D  G
A star is born toni----ght
