You Nearly Lose Your Mind

You Nearly Lose Your Mind
By Ernest Tubb

C
Now if you love your momma
And try to treat her right
But she keeps on fussin at you
Everyday and night.

F
Well she gonna try an' pull on ya'
C
They do it every time
G7
And when your baby starts a steppin'
C
Lord you nearly lose you mind

Now if your momma's mean
Take a tip from me
Lock her up at home lord
But hang on to that key
Well she gonna try an' pull on ya'
They do it every time
And when your baby starts a steppin'
Lord you nearly lose you mind

But if you monna's good
I'll tell you what to do
Give her lots of lovin'
But whatch her closley too
Well she gonna try an' pull on ya'
They do it every time
And when your baby starts a steppin'
Lord you nearly lose you mind

When you come to your momma
An' find your clothes ain't clean
You can bet your slippin
If you know just what I mean
Well she gonna try an' pull on ya'
They do it every time
And when your baby starts a steppin'
Lord you nearly lose you mind

Now you may have a momma

That says that she is true
But wait till you are down and out
And really need her too
Well she gonna try an' pull on ya'
They do it every time
And when your baby starts a steppin'
Lord you nearly lose you mind

Now I've been a lot of places
There's nothing I ain't done
But when it comes to wemon
I don't trust a one
Well she gonna try an' pull on ya'
They do it every time
And when your baby starts a steppin'
Lord you nearly lose you mind

It'll drive you crazy.
