Incredibly Foolish

Incredibly Foolish
(Heather Wood)

(E) C G / Am G7 / F C / G -

As I was a walking on a foggy day
There I met a man who unto to me did say
Won't you come along and walk along my way
I said I would

C G / Am G7 / F C / G C

Foolish, incredibly foolish
Foolish, incredibly foolish
Foolish, incredibly foolish
Dumb dumb dumb dumb

So we walked along together for awhile
I gave to him a glance, he gave to me a smile
I had visions of us walking down the aisle
To organ and drum

CHORUS

Then he asked me if I'd stay with him the night
Modestly I said that it would not be right
He didn't ask again, he simply got me tight
fruit juice and rum

CHORUS

I awoke next morning, hammers in my head
Found my gallant lover, gallantly had fled
Didn't care to busy, wishing I were dead
Feeling so glum

CHORUS

I decided that next time I meet a boy
I will not say no, and temperance I'll employ
Think I'll stay awake and maybe I'll enjoy
All of the fun

Foolish, incredibly foolish

Foolish, incredibly foolish
Foolish, incredibly foolish
Fun fun fun fun
